Some background:

Since 1980 we have been doing Guna Darshan to encourage art. Guna Darshan is not a group. It is open to all. It is a talent show, especially for kids, where they can display their talents in an informal setting on a "non-threatening "stage." The show is not restricted to kids alone. Talented adults can exhibit their talents too. The items presented can be almost anything viz. singing, instrumental music, dance, kavita vaachan, katha kathan etc etc. Preferred language for items would be Marathi and/or Hindi. Keep length of the item short (5-6 min). It would be nice for each family to have at least one child and/or an adult present an item. Even if you can not do anything do come and appreciate others.

Start polishing your skills and also teach your kids some thing that they can present in front of a small group. Since the space is limited to about 60 individuals, RSVP to the hosts is appreciated.
